SPORTS

Did you know that Marian College's sports are going to have another first? Sure they are! They are trying, and successfully, too, to make fools out of themselves. We don't mean by the playing but by the scheduling of teams we have absolutely no business even considering as competition.

For example--the baseball team plays Xavier University of Cincinnati, and so forth. Now are we foolish enough to think we are equal to Xavier?

Then there's the swimming team. The very first meet they swim next year is against Notre Dame. Now are we that good that we classify ourselves with Notre Dame?

Don't you think we are going too far too fast? Sure, we want to work up a schedule, but, for crying out loud, couldn't that wait until we could at least make a showing???

* * * * *

HAVE YOU SEEN?

Have you seen Marian's new sign? Well, don't feel badly. We haven't either, but it's been ordered...ordered for at least four months. Maybe it'll come???

* * * * *

HELP!!

"HELP!!!" is the cry which wends its way down from the office of the CARBON! We need someone (or ones) to help report! Just little gems picked up here and there. HELP! HELP! HELP! HELP!

* * * * *

COMING ATTRACTION

Next week a new feature will be added to the CARBON! It is titled "The Snack Pit." Gems of unconscious wit, humor, and philosophy will be wrung out of the Perc lator by our undercover agent. SO BEWARE! THE EYES OF THE PHANTHOM ARE ON YOU!

MORE FROM THE BARD

He's back and with a wine of words long aged in the cellar of thought he says:

"Be it ever so humble, there's absolutely no place!"

FAMILIAR SCENE AROUND CAMPUS

by

EARLY CASE OF SPRING FEVER

* * * * *

FIRST-NIGHTERS, TAKE NOTE

Saturday and Sunday there will be a Passion Play presented by the Catholic Theater Guild. This promises to be a very good performance. Check the bulletin board for a schedule of time and place.

* * * * *

CONFUCIUS OR CONFUSION?

Confucius say: "He who sitteth on a tack is better off!"

PARDON

As we creep down the halls we are haunted by the screeching voice of Mike Raters "demanding" a retraction in the CARBON! Seems that he scored 117 points instead of the 107 as we said. Sorry, Mike!

* * * * *

LONG MAY THEY STAND!

There aren't many sophomores sitting! That's because they have just finished taking the CO-OP exams and, believe you me, the chairs in those rooms get mighty hard!

* * * * *

GIVE!

You have all heard about the floods that have plagued our coastal regions, haven't you? Well, sure you have! But do you realize the expense footed by the Red Cross in the care of these stricken people?

So how about sticking your grimy, little fist into your pockets and contributing a few paltry farthings for the help of other human beings? For all you know, the next one might be YOU!

* * * * *

HOOSIER HYSTERIA!!!

Never say die is our motto, so here we go again! Our picks for the semi-finals are:

Indianapolis.....Attucks
Bloomington.....Princeton
Lafayette.....Lafayette
Fort Wayne.....Elkhart

* * * * *

"A conversation between women always concerns who, how, what, when and WEAR!

* * * * *

ORCHIDS AND ONIONS

ORCHIDS...to the students who signed up for Sister Adelaide's Conservation Corps!

**

ONIONS...to the fire inspector who permitted the padlock to be placed on the lounge door...who did he???

BASEBALL

HAH! Only eight fellows showed up for the first baseball meeting! Boy! Wow! Gee, Whiz! Almost a TEAM!

* * * * *

CLUB CLIPPINGS

There will be a special meeting of the Latin-German Club, Tuesday at twelve-fifteen, March 13th in the Assembly Hall. Please, be prompt!

The weekly meeting of the A.C.S. Student Affiliates will be held on Tuesday at eleven o'clock in the third-floor Chemistry Department. Be prompt!

* * * * *

GUEST SPEAKER

On Sunday, March 18 at 2:00 p.m., Dr. Hoke S. Greene, Dean of the Graduate School of Arts and Science, and Head of the Chemistry Department of the University of Cincinnati will discuss "Career Opportunities in Chemistry." He will consider the opportunities for chemistry majors at all levels of education, i.e. Bachelors, Masters, and Doctors.

He will include in his discussion the importance of graduate work in chemistry under today's conditions, the importance of adequately trained scientists in view of the developing international affairs,

This program will be held in the Assembly Room of Clare Hall.

MARIAN PATRIOTS

Often seen on campus are our faithful patriots, Marty Waggoner and Anne Diener. Each morning, cold or warm, they scurry across campus to raise the flag; they also take it down! ORCHIDS TO YOU!
